Description of wine, vineyards, winemaking etc. :

Having created two very different wines made from the world class Agiorgitiko grape variety our NOTIOS RED – a wine designed best enjoyed in its youth – and GAIA ESTATE – our made to last flagship we have now added : AGIORGITIKO by GAIA.

This wine was the missing link of that admirable chain called Agiorgitiko

The exceptional 2000 vintage produced high quality grapes harvested from hillside vineyards in NEMEA. The wine was aged in French oak casks.

A structured wine, showing the intense fruit of the grape variety and well integrated oak. With proper cellar conditions it will evolve over the next four years becoming more complex and velvety.

We suggest AGIORGITIKO by GAIA with rich meat dishes.
Suggested serving temperature 16 - 18 °C.
